We are proud to announce the accreditation of our Electrodiagnostic Medicine Lab by the American Association of Neuromuscular & Electrodiagnostic Medicine. NENA was awarded the accreditation with exemplary status, the highest level of accreditation given by the AANEM. Learn more and see the full list below.

Special congrats to Dr. Min Zhu for her leadership in achieving this accreditation!

Dr. Anna Terry Tells Robots What To Do

New England Neurological's own Dr. Anna Terry is performing minimally invasive spine surgery at Holy Family Hospital with the help of the Global Excelsius GPS Robot.

We are the only group in the area using this exciting and innovative technology. All procedures involving the robot will occur at Holy Family Hospital but must be booked through New England Neuro.
